ALOHA!

With things settling down a little after the Fringe, it's time to say hello again to our members and friends.

We can now officially use the new name Darwin Community Arts Inc, according to the Office of Business Affairs, so we would like to invite you to our launch function on Sunday 3 August ... details below.

ARTS ON THE MOVE!

As part of the restructuring of Darwin Community Arts that has been going on for some time, the office accommodation is being re-organised. The major office functions are being moved to new office space at the Malak Shopping Centre. This will enable key staff to extend our Malak-based projects and improve on the positive results already being achieved there. A limited amount of space will be retained for the time being at the current city office location in the Brown's Mart administration building. This space will be used only by projects – such as Darwin Fringe Festival – that are primarily based in the city. All general enquiries should be now be directed to the Malak Office.

As the old city office number (8981 5522) has been taken over by Brown's Mart Trustees, no calls regarding Darwin Community Arts matters should be made to that number.

Head Office – Malak. Hours: Tuesday to Friday, 1pm – 5pm.

Tel: 89457347

City Office – project staff only, no general enquiries.

Tel: 89810159

The fax number remains unchanged at 89413222
